J3 OIC SABA

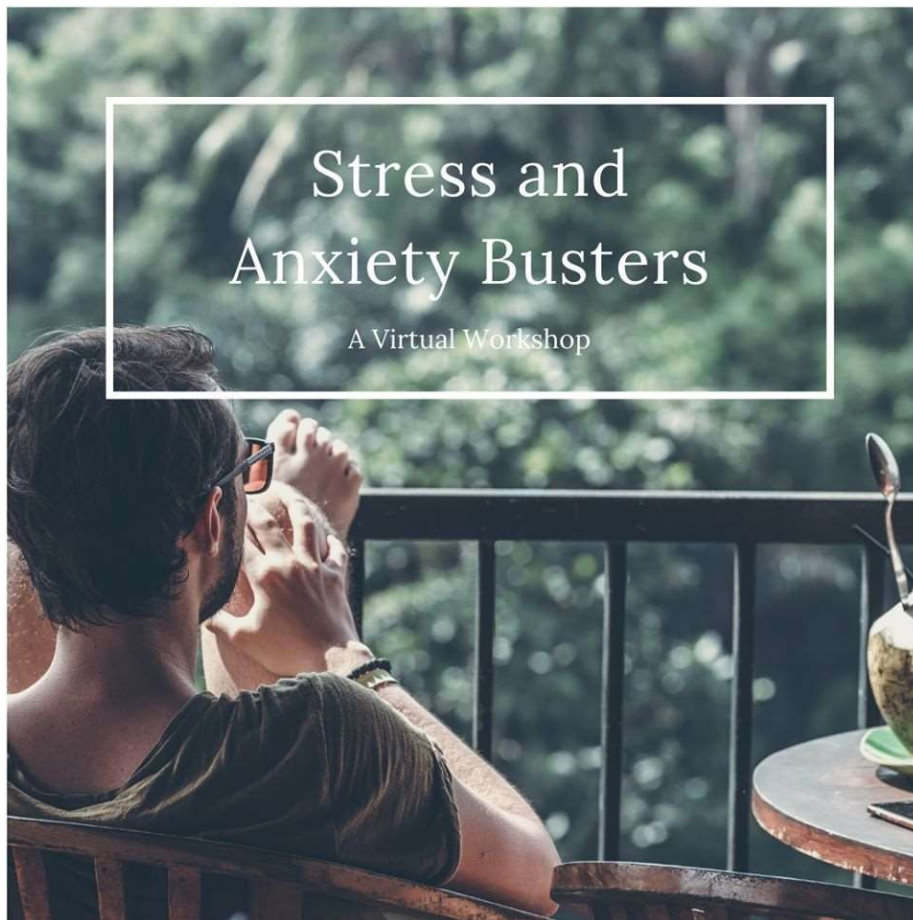

This week is a quiet week, with a steady state being maintained. My thanks to each of the corps and squadron for keeping each other informed and for keeping your cadets engaged.

I also want to thank each of you for the work that is being done or has been done on your unit training plans. From the initial feedback, you have done an excellent job with them. Please remember to keep our league partners at the local level informed and engaged as well. We will need to work together and plan for the future so that when the cadets return they are met with a unit and a combined sense of direction for their upcoming training year.

Thank you all and keep up the excellent work in these challenging times. Well Done!
